

Ramaravind Kommiya Mothilal

PhD Candidate, University of Toronto
Data Sciences Institute (DSI) Graduate Fellow

🌐 ramaravind.com @ ram.mothilal@mail.utoronto.ca 🐙 GitHub 📄 Google Scholar in ramaravindkm

Research Objective

My research focuses on AI safety in practice, addressing the computational questions technical practitioners face when working with data and model workflows under the requirements of AI safety. I build methodological frameworks, computational methods, metrics, and datasets, drawing on user studies and the philosophical study of reasoning and argumentation.

Education

Present Sep 2022	University of Toronto PhD in Information ➤ Advisors: Prof. Syed Ishtiaque Ahmed and Prof. Shion Guha ➤ Topic: Drawing on in-depth user studies of how practitioners approach AI responsibly in practice, I focus on nuanced but practically consequential problems at three stages of a practitioner's safety workflow: evaluating the models at the center of their system, evaluating the auxiliary models used to automate judgments, and mitigating model failures under ambiguity about safety.	Toronto, Canada
Feb 2018 Sep 2016	Katholieke Universiteit Leuven (KU Leuven) MSc in Artificial Intelligence (<i>Engineering and Computer Science Specialization</i>) ➤ Percentage: 76.81% (Magna Cum Laude) ➤ Thesis: Statistical Modeling of Students' Performance in an Open-Admission Bachelor Program in Flanders - The need to discriminate between explanatory and predictive modeling [🔗]	Leuven, Belgium
May 2015 July 2011	National Institute of Technology (NIT) Trichy Bachelor in Instrumentation and Control Engineering ➤ CGPA: 8.1/10 (First Class)	Tiruchirappalli, India

Experience

Present Aug 2025	University of Toronto Family Housing Residence Advisor ➤ Conducted a hands-on beginner-friendly series to help students, professionals, and lifelong learners build key skills in online writing with LaTeX/Overleaf, managing literary sources, coding with Python, and using AI tools like ChatGPT responsibly [🔗]	Toronto, Canada
Jun 2022 Mar 2021	Everwell Health Solutions Data Scientist Mentor: Dr. Bill Thies ➤ Designed a systematic data hygiene framework to anticipate and remove sources of data bias in downstream ML tasks. ➤ Developed indicators to evaluate and improve engagement of health providers to facilitate patient adherence to medications. ➤ Built various dashboards with Power BI and Apache Superset for different stakeholders, including USAID and Central TB Division—Government of India.	Bangalore, India
Feb 2021 Jan 2019	Microsoft Research Center for Societal Impact through Cloud & AI [🔗] AI Center Fellow Advisors: Dr. Amit Sharma, Dr. Joyojeet Pal ➤ Developed a general optimization framework—DiCE(Diverse Counterfactual Explanations)—to generate and evaluate a diverse set of hypothetical examples that show people how to obtain a different prediction. [FAccT'20] [🔗] [Part of Microsoft's Responsible AI Toolbox 🔗] ➤ Studied the complementarities of Feature Attribution and Counterfactual explanation methods to demonstrate the value of considering multiple kinds of model explanations. [AIES'21] ➤ Studied how occupying (un)favourable positions in Indian politicians' social networks leads to inequality in terms of both information received and propagation of new information [CSCW'21]	Bangalore, India
Dec 2018 July 2018	Microsoft Research Technology for Emerging Markets [🔗] Research Intern Advisors: Dr. Amit Sharma	Bangalore, India
Jul 2016 Jul 2015	Royal Bank of Scotland (RBS) Data Archival Team Analyst	Chennai, India

Computing Skills

- › **Operating System:** Windows, Linux
- › **Database/Server:** MySQL, PostgreSQL, SQL Server
- › **Language:** Python, R, C/C++, Java, HTML, CSS, JavaScript, SQL
- › **Machine Learning Frameworks:** PyTorch, TensorFlow, JAX
- › **Visualization Software/Tools:** Power BI, Apache Superset, Tableau

Software and Open-Source Contribution

- › **AmbiGuard: Reflective Evaluation of AI Safety Guardrails** : University of Toronto - [sandbox](#)
- › **RaR: A Worksheet for Reflective Use of LLM Reasoning in HCI** : University of Toronto - [framework](#)
- › **ArC: Argument-Based Consistency in Toxicity Explanations of LLMs** : University of Toronto - [commits](#), [codebase](#)
- › **AsAP: Articulating Assumptions in Machine Learning** : University of Toronto - [framework](#)
- › **Non-Ideal Methodological Framework for Responsible ML** : University of Toronto - [framework](#), [visualizer](#)
- › **DiCE: Diverse Counterfactual Explanations for Machine Learning** : Microsoft Research India - [commits](#), [codebase](#)

Awards

- › **Data Sciences Institute (DSI) Graduate Fellowship** - C\$75,000 - 2024-26
- › **Schwartz Reisman Institute for Technology and Society (SRI) Graduate Fellowship** - C\$7,500 - 2023-24
- › **Human-Computer Interaction Consortium (HCIC) - University of Toronto Nominee** - \$650 - 2026
- › **ACM FAccT Conference (Fairness, Accountability, and Transparency) - Travel Grant** - \$750 - 2026

Leadership and Organizing

Founder & Organizer	Critical NLP Interest Group: Bringing interdisciplinary inquiry to NLP
Co-Organizer	FAccT’26 CRAFT workshop on Assumptions in Canada’s Algorithmic Assessment
Co-Chair	COMPASS’25 Late Breaking Works
Mentor	2024 Responsible Tech Mentorship Program by All Tech Is Human
Co-Supervisor	UofT CS and EngSci undergraduate students: Joanna Roy and Jade Clement
Section Leader	<i>Code in Place</i> by Stanford University

Academic Service

Reviewer	Informal Logic Journal’26, CHI’26, CHI’25, FAccT’26, FAccT’25, CSCW’26, CSCW’25, CHI’24, DIS’24, SatML’24, ICLR-RAI’21, TOCHI’22, GHTC’22
Reviewer & PC	COMPASS’25, COMPASS’22, COMPASS’21, XKDD’21
Reviewer & AC	CHI’24 Late Breaking Works

Teaching

Teaching Assistant, UofT	Machine Learning with Applications in Python (INF 2179), Speculative Design (INF 2260), Experimental Design for Data Science (INF 2178), Computational Thinking (INF 1339), Programming for Data Science (INF 1340), Data Analytics (INF 2190), Data Modeling and Database Design (INF 1343), Human Values in Data Science (INF 2210), Computers and Society (CSC 300), Statistics for Data Science (INF 1344)
Workshop Presenter	Data Analysis with SQL and MySQL, iSkills Workshop at Faculty of Information, UofT (Fall 2022, Winter 2023, Fall 2023, Winter 2024)

Invited Talks

“Advancing Responsible AI in Practice” [slides]

- | | |
|--|----------|
| › UofT AI Ethics Conference, Organized by IlluminAI, University of Toronto | Mar 2026 |
| › CS565: Ethics in AI, University of Illinois Urbana-Champaign | Apr 2025 |
| › Toronto Ethics in AI Symposium , University of Toronto | Jun 2024 |

“Caste Capital on Twitter: A Formal Network Analysis of Caste Relations” [slides]

- | | |
|--|----------|
| › Department of Management Studies, Indian Institute of Technology Delhi | Jun 2022 |
|--|----------|

“When Machine Learning meets Educational Science” [slides]

- | | |
|---|----------|
| › Faculty of Psychology and Educational Sciences, KU Leuven | Feb 2018 |
| › Leuven Engineering and Science Education Center (LESEC) | Mar 2018 |
